Chapin High School

(El Paso, TX)

Attended Center for Career & Technology HS
(2016)

CERTIFICATIONS:

Level I Certified Veterinary Assistant

Affiliation:

- Member of FFA (Future Farmers of America)
- HOSA

BIOGRAPHY: Since I was a little girl, I've always been drawn to animals. I love dogs, cats, birds, and anything people would consider their pet.

Though my parents were not always in love with animals, they were very supportive in my decision to pursue a degree in the veterinary field. Instead of taking of traditional high school courses like other students, I applied and got accepted to Chapin's Center for Career & Technology. Taking my first course "Veterinary Assistant 1 Anatomy & Physiology," I knew this was the path for me.

Hence, one of the reasons I applied to Texas Tech was to take advantage a course load geared toward pre-vet studies. Though I don't have time to watch my favorite tv shows like "Dog Whisperer" or "Dr. Pol," I'm excited to be in the same company as others who care about animals as much as I do.

Areas of Expertise

- Small animal handling
- Administering of medication
- Grooming experience
- Use of muzzles and restraints
- Nutritional & dietary analysis
- Patient and reliable
